- Cook
- Travel

# Clement Randrianasolo

Full Stack Developer specialized in Laravel, with hands-on experience in ERP systems, web applications, and complete management platforms.
I work on both backend development (Laravel, REST APIs, databases) and frontend interfaces (Vue.js, React).
Used to professional environments, teamwork, and process automation, I am looking for an opportunity to contribute my technical skills to scalable and impactful projects.

## Training courses

**Computer Science Degree**    **2020-2024**
ITU, Andoharanofotsy

**DELF B2  FRENCH LANGUAGE**    **2023**
Alliance Française

## Notable Academic Projects

- **Development of a running management website with Laravel (internship evaluation)**
  - Website design with HTML, CSS, JavaScript, and AJAX
  - Framework PHP : Laravel
  - Development of web services and RESTful APIs
- Furniture Management (Project Manager)
  - Database design and modeling
  - Project management
  - Task sharing and coordination of a team of 3 developers

## Freelance Web Developer

**Scandale Bouffe (August 2024 – December 2025**
- Development of a comprehensive catering management system
- Frontend: React (responsive UI), deployed on Netlify
- Backend: Laravel (inventory management, salaries, roles, orders, API)
